Re: Reference for Michael Thibault and T-Bone Construction

To Whom It May Concern:

Please, allow this letter into the record to support Michael Thibault in his application for a Commercial General Contractor Class-A License in your jurisdiction.

Amongst the various fronts in which I have had the pleasure to work with Mr. Thibault are the three most recent projects: 1) Repair and expansion of the Jimmy Camp Creek channel bank eroded during the 2014 floods (completed); 2) Grading of the site for a 3 acre future soccer/softball field (completed), and the design/construction of the 1 MGD Colorado Centre Iron and Manganese filtration plant (Under construction), all in Colorado Springs, Colorado. As Owner/President of T-Bone Construction Inc., his performance and his organization's performance have been outstanding on all our projects. Furthermore, Mr. Thibault has always found the time to give me, as client, his personal attention.

I have enjoyed working with Michael Thibault and am pleased to provide this reference. I have great respect for him as an individual and as a professional. I am confident that he will continue to be successful in his endeavors and wish that you too benefit from his services construction field.

Please feel free to contact me if you have any questions. You may reach me at 719-380-8857 x 1# or altesta@proconinc.net

Cordially,

A handwritten signature in black ink, appearing to read 'Alvaro J. Testa', with a long horizontal flourish extending to the right.

Alvaro J. Testa, Ph.D., P.E.
President and Owner
